

Curriculum Vitae

Forename & Surname: Dr Abdolreza Shaghaghi

Department: Health Education & Promotion

Organization: Tabriz University of Medical Sciences, Faculty of Health

Office Phone: 0098 41 33357580-3 (Ext 364)- 0098 41 33340309

Fax: 0098 411 33340634

E-mail: shaghaghir@tbzmed.ac.ir & ar.shaghaghi@gmail.com

Educational Background: BSc in Public Health (Shaheed Beheshti University of Medical Sciences, Iran), MSPH in Public Health Education (Tehran University of Medical Sciences, Iran), PhD in Community Health (University of Edinburgh, UK)

Positions Held: Associate Professor

Fields of Interest: Cardiovascular risk factors, health related behaviors, efficiency and effectiveness of educational programs, program evaluations, health related prevalence studies, systematic reviews & meta-analysis, medical education, elderly health.

Teaching Experiences: Teaching of health promotion and public health related topics since 1991 including community health nursing, health care principles, health education models and theories, interventions in health education and promotion programs, evaluation of interventions in health education and promotion programs, health promoting hospitals, elderly health needs assessment, evidence based elderly health research in BSc, MSPH and PhD level.

Administrative Experiences:

From 1991: Lecturer in Tabriz University of Medical Science (permanent position).

From 1994 – 2001: Deputy for Head of the Community Oriented Medical Education (COME) centre in Tabriz University of Medical Science.

From 2001- 2004 (February): Deputy for the Director of Educational Development Centre (EDC) in Tabriz University of Medical Science.

From 2010 (Oct Nov) – 2011 (Apr): Head of e-learning unit (Tabriz University of Medical Sciences)

From 2010 (22 Nov)-2013 (Mar): Head of the Medical Education Research Centre (Tabriz University of Medical Sciences)

From 2014 (2ed Feb)- continues : Head of the Health Education and Promotion Department, Faculty of Health.

Research Experiences:

Presentations (Oral/Poster):

1. Nutritional attitude and practices of mothers having fewer than five years old children with diarrhea (poster presentation in 4th national congress of nutrition 1994 Tehran-Iran).
2. Incidence of diet-related growth retardation among infants of rural area (poster presentation in 4th national congress of nutrition. 1994 Tehran- Iran).
3. Knowledge and attitude of fertile women in urban area of Tabriz about Pap smear test (poster presentation in 1st national congress on cancer researches, 2000 Uromiah-Iran).
4. Challenges of using students views to determine teaching quality in faculties of Tabriz University of Medical Science (poster presentation in AMEE conference, 2002 Lisbon, Portugal).
5. How does clinical skill training on skills needed for management of vaginal delivery affect clinical competencies of medical students? (poster presentation in AMEE conference, 2004 Edinburgh, UK).
6. Shaghaghgi A, Bhopal R, Sheikh A, Namdaran F. A systematic review of the methods and themes of health related research on the Iranian Diaspora: massive needs and opportunities (Annual Public Health Conference: 21st Century Trends - threats and opportunities for public health, 15 November 2007 Falkirk, UK) (oral presentation).
7. Shaghaghgi A, Bhopal R, Sheikh A, Namdaran F. Uncovering cardiovascular risk in the Iranian Diaspora: A systematic review to seek evidence to underpin a pilot UK survey (Annual Public Health Conference: 21st Century Trends - threats and opportunities for public health, 15 November 2007 Falkirk, UK) (oral presentation)
8. Shaghaghgi A, Bhopal R, Sheikh A, Namdaran F, Azizi F. Prevalence of cardiovascular disease risk factors: comparison of the Edinburgh White population and Iranians in Tehran and Edinburgh (2nd Conference of Migrant Health in Europe, 22-24 May 2008, Malmo, Sweden) (poster presentation).
9. Critical appraisal of submitted articles to the 4th national Conference on E.Learning in Medical Education, 17th Feb 2011, Tabriz, Iran (oral presentation)
10. Quality of studies on the prevalence of CVD risk factors among Iranians: findings of a systematic review – 17th May 2011 Tabriz, Iran. (oral presentation)
11. Critical appraisal of submitted articles to the 1st International & 4th National Congress on Health Education and Promotion - 19th May 2011 Tabriz, Iran. (oral presentation)
12. Urgent needs to find missed pieces in the puzzle of our national research ethics strategy- 24,25 Nov 2011 Shiraz, Iran (oral presentation)
13. Evidence based medical education- 31 Jan – 2 Feb 2012 Kerman, Iran (oral presentation)
14. Behavioural risk factor surveillance: a missed puzzle piece for the Iranian type II diabetic patients- 25-29 Aug 2013, Pataya, Thailand (oral presentation)
15. Predictors of self-medication behavior: findings from a systematic review- 25-29 Aug 2013, Pataya, Thailand (poster presentation)
16. Advocating for Health Promoting Schools in Jolfa, Iran: a resource for developing- 25-29 Aug 2013, Pataya, Thailand (poster presentation)
17. Recess activity and health status among Iranian elementary schools- 25-29 Aug 2013, Pataya, Thailand (poster presentation)

18. Scales to measure post trauma effects in children and parents cognition about the trauma's psychosocial consequences on children- 19-21 May 2015, Kermanshah, Iran (oral presentation)
19. Drug use patterns among clients of the drug abuse treatment centers in Tabriz, Iran, 9-11 Sep 2015, Tehran, Iran (9th Annual International Congress on Addiction Science) (oral presentation)

Presentations in academic staff training workshops

Basics in Medical Education – Tabriz University of Medical Sciences - Dec 1998
