

Curriculum Vitae Leila Jahangiry

Assistant professor of Health Education and Health promotion
Department of Health Education
Faculty of Health
Tabriz University of Medical Sciences
Updated May 2018

Personal information

Name: Leila

Surname: Jahangiry

Gender: Female

Place of Birth: Tabriz

Citizenship: Tabriz

Nationality: Iranian

Tel:(+984133257580)

Email: Jahangiry1@tbzmed.ac.ir

Alternative Email: Jahangiryleila@gmail.com

Present Work Address: Department of Health Education, Faculty of Health, Tabriz University of Medical Sciences, Tabriz Iran. P. O. Box 3137-851656, I.R. Iran.

Qualifications:

1. B.Sc. (2005), Public Health (Shahid Beheshti University of Medical Sciences, Faculty of Public Health, Tehran, Iran)

The topic of B.Sc. thesis: Study on knowledge of Girl Studentes about cardiovascular disease risk factors 2005.

2. M.Sc.(2008), Health Education and Health Promotion (Tehran University of Medical Sciences, School of public health, Tehran, Iran).

The topic of M.Sc. thesis: Educational intervention on knowledge and attitude of women referring to Health Centers about prevention of breast cancer by using of Health Belief Model, 2008.

3. Ph.D. (started in 2009), Health Education and Health Promotion (Tehran University of Medical Sciences, School of Public Health, Tehran, Iran).

The topic of PhD thesis: Effectiveness and feasibility of an interactive web-based intervention on healthy lifestyle and its effects on prevention of cardiovascular risk factors on people with metabolic syndrome (2013).

Research Projects, supervision and consulter for MSc students Thesis (Health education and Elderly Health):

17. Physical activity intervention program based on social cognitive theory on people with pre-diabetes in rural population of Ahar: A randomized controlled trial. (supervision).
16. Attitudes toward Female genital mutilation: a systematic review and Meta-Analysis. (supervision).
15. Female genital mutilation and sexual function among Piranshahr women (Consulter 2014-2015)
14. Assessing predictability of Socio- Physical Environment of Shahrekord Elderly Home based on the quality of Life (consulter 2014-2016)
13. Framework of health care system for Iranian aging people (consulter 2014-2016)
12. The study on oral health indexes and oral health literacy among adults in Tabriz, 2016 (supervision).
11. Determination of lifestyle patterns among aging with hypertension through Latent class analysis (LCA), 2016 (supervision).
10. Designing and implementation of the comprehensive brucellosis prevention and control program based on PRECEDE-PROCEED model in Ahar (supervision 2014-2016).
9. Review study of web-based lifestyle interventions 2015 (Manager).
8. The effect of an interactive web-based educational program on insulin resistance, serum adiponectin and AST/ALT ration in patients with metabolic syndrome at risk of cardiovascular disease Tabriz University of Medical Sciences (Finished at 2013) (Manager).

7. An interactive web-based intervention on healthy lifestyle promotion and its effects on prevention of cardiovascular risk factors, Tehran Heart Center, Tehran University of Medical Sciences (2013) (Manager).
6. The survey of cognitive-Behavioral intervention in rate of relapse and risk –taking in seeking care on methadone maintenance treatment (MMT), (Finished at 2011, Assistant).
5. Health Observatory: Iran Multiple-Indicator demographic and health survey 2010 (National Study Assistant in Zanjan University of Medical Sciences).
4. Study of the knowledge, attitude and high risk behavior related to internet usage among students of Tabriz University of Medical science 2009(Manager).
3. Effect of home visit on controlling of diabetes II and quality of life on diabetic disease in Maraghe 2009 (Assistant).
2. Internal Evaluation of educational groups in nursing faculty (Maraghe), Tabriz University of Medical Sciences 2009 (Manager).
1. Study on regular walking on quality of life on referring women to Health Care Centers in Maraghe 2009 (Assistant).

Books:

- 1- Effective Health risk messages, step to step guideline, Ali Montazeri, Leila Jahangiry (Translated to Persian language).
- 2- Do you know your cholesterol level? (Web-based training manual, Persian).
- 3- Control your high blood pressure (Web-based training manual, Persian).
- 4- Are you at risk for heart disease? (Web-based training manual, Persian).
- 5- Do you need to lose weight? (Web-based training manual, Persian).
- 6- Protect your heart against diabetes (Web-based training manual, Persian).

7- Physical activity and your heart (Web-based training manual, Persian).

8- Attitude and Attitude Measuring in Health Education (Tehran, Sobhan publisher, 2011).

Workshops Teaching:

-Organizing and teaching workshops on Scientific Project management in health research sciences in different settings and academic institutes.

-Organizing and teaching workshops on EndNote software in different setting for PhD and MSc students in Public Health School, Tehran and Tabriz University of Medical Sciences (2012-is continued).

-systematic review and meta-analysis in public health sciences

Presentation in Congresses:

9. 5th International Society for *Evidence-Based Healthcare Congress*. December 7-9, 2016 in International Conventional Center *Kish* Island, Iran. Online management of metabolic syndrome and cardiovascular risk factors: a simple method for awareness and actions. (Poster presentation)

8. The Second International and the Sixth National Iranian congress on health education and promotion 19-21 May 2015, Oral Presentation: Interactive web-based lifestyle intervention and metabolic syndrome: a randomized controlled trial (The Red Ruby Study).

7. 8th Middle East Cardiovascular congress, Istanbul, Turkey; 4-6 June 2014. Effectiveness of interactive web-based lifestyle intervention and cardiovascular diseases risk factors on people with metabolic syndrome: a randomized controlled trial (The Red Ruby Study): Poster presentation.

6. The First International and 4th National Congress on Health Education and Promotion, 17-19 May 2011, Tabriz, Iran. Message Strategies To Promote Healthy Behavior: Loss Framed Or Gain Framed? Lecture Presentation.

5. The First International and 4th National Congress on Health Education and Promotion, 17-19 May 2011, Tabriz, Iran. Awareness from the Effects of Internet on High Risk Behaviors: A Cross Sectional Study between Internet User Students in Tabriz University of Medical Sciences. Poster Presentation.
4. National Congress of the Neonatal & Pediatric Nutrition, 23- 24 July 2008. The study on the growth chart of the infants at the same time with the beginning of the complementary feeding in the health care centers in Maraghe: Poster Presentation.
3. National Congress of the Neonatal & Pediatric Nutrition, 23- 24 July 2008. Study of Mothers knowledge about supplemental nutrition in ($2 < AGE$) in Health Centers of Maraghe: Poster Presentation.
2. National Congress of the Neonatal & Pediatric Nutrition, 23- 24 July. Assessment of nutrition in referring pregnant women to health centers in Maraghe Poster Presentation.
1. The First National Congress of Social Sciences and Health in Esfahan 2007. Research approach in studies of consuming health services, social- individual determinants: Poster Presentation.

Occasional review for International Journals

- BMC Health and quality of life outcomes
- Plos one
- BMC Public Health
- Health Promotion Perspectives
- Iranian Health Education & Promotion Association

Honors:

- 1- Ranking the *First* in PhD entrance exam (Ministry of Health), Health Education, 2009.
- 2- Ranking the *Third* in MSc entrance exam (Ministry of Health) of Health Education, 2006.
- 3- Member of Center for Talented growth Tehran University of Medical Sciences.

Lectureships & Teaching:

Faculty Member in Tabriz University of Medical Sciences (faculty of Nursing and Midwifery school 2007-2009) and (Public health faculty 2014 -is continued) Tabriz, Iran

- 1- Research Methodology for Msc Students (2014-continued).
- 2- Lifestyle for Msc Students (2014-continued).
- 3- Medial sociology
- 4- Group dynamic for Msc Students (2014-continued).
- 5- Health Education & communication for public health students.
- 6- Educational Technology for public health students.
- 7- Management & planning in health services.
- 8- Health systems

- 9- School Health.
- 10- Epidemiology in chronic & acute disease in Iran.
- 11- Public Health.
- 12- Vaccination and Immunity in Iran.
- 13- Information Technology in medical research.
- 14- Coach in Training for public health students.

Referees:

- Prof. Ali Montazeri. MPH, PhD, Specialist in Public Health and Epidemiology. Mental Health Research Group, Health Metrics Research Center, Iranian Institutes for Health Sciences Research, ACECR, Tehran, Iran (montazeri@acecr.ac.ir).
- Prof Mohammad, Kazem. Department of Epidemiology and Biostatistics, School of Public Health, Tehran University of Medical Sciences, Tehran, Iran. (mohamadk@sina.tums.ac.ir).
- Prof. Davod . Shojaeezadeh, Health Education & Health Promotion Department, School of Public Health, Tehran University of Medical Sciences; Tehran, Iran. (shojaei5@yahoo.com).

Research Interests:

- Prevention on cardiovascular diseases risk factors and Metabolic syndrome
- Prevention of CVD through risk predicting approaches
- Systematic review and meta-analysis
- Lifestyle interventions via technology-based programs.
